ABOUT

May is a life long learner who applies her background in technology and business to blend technical expertise with empathy in order to craft human-friendly experiences. She is actively learning and practicing various UX techniques to serve the community in her current role as a UX Apprentice at DIA Design Guild.

SKILLS

Generative & Evaluative Research	Figma
Competitive Analysis	Google Analytics
Usability Testing	HTML / CSS / Javascript
Affinity Diagramming	React / Next / Vue
Jobs to be Done	Microsoft Office Suite / G Suite
Recruiting & Interviewing	Slack / Teams / Zoom

EXPERIENCE

UX APPRENTICE

DIA Design Guild (Remote) | Jan 2022- Present

- Design, propose, and implement plans using methods in user research, information architecture, content strategy, wireframes and prototypes.
- Collaborate with industry leaders to foster a growing UX community.

SOFTWARE DEVELOPER

Academic Analytics (Remote) | Sept 2020 - Sept 2021
Technology: React, Next, Vue, Node, Go, MySQL, MongoDB, AWS, Docker

- Quickly learned and adapted to new technology to build R&D application prototypes from scratch.
- Utilized agile methodologies and collaborated with cross functional teams.
- Presented to executive stakeholders on product research, product features and advise on product direction.

CUSTOMER & DATA SPECIALIST - CONTRACTS

Robert Half partnered with Convoy and Expeditors | April 2018 - May 2019

- Processed high volume of requests while meeting strict KPIs; reduced team backlog by 90% within 3 months.
- Advised developer teams on product direction based on customer feedback, end user process flows, and platform user testing.

HR SPECIALIST

ChemPoint.com | Nov 2012 - Mar 2018

- Created welcoming and safe space for employees and candidates by expressing empathy, willingness to help, and follow up to ensure needs are met.
- Led full cycle recruitment for internship and entry-level programs including sourcing, coordinating, interviewing, and on/off-boarding.
- Designed, audited, streamlined and documented business processes.
- Built and presented HR metric reports to executive leaders.
